

The Writing Pad Workshop will provide a fun and supportive environment to encourage creative writing and imaginative thinking as children develop their amazing stories through description, dialogue and, of course action! They will create a secret world with words as they develop setting, character, situation and outcome in the fantasy genre.

Each session will start with collecting words for a weekly 'Wonderful Words' list that results from our 'Warm up the Imagination' and 'Think outside the Box' activities.

We will include:

- Writing in another voice
- giving our writing 'movement' through language use
- Using the arc structure as we guide the children through exposition, conflict, climax, resolution/outcome and conclusion through a variety of stimuli.
