

Hermitage School year 5 & 6

After school club Spring term 2019

ComputerXplorers is delighted to be able to offer an after school club for years 5 & 6 in the Spring term. We will run the club on a Friday afternoon and will tackle two exciting activities during the term.

Edison robotics: In this part of the course the children will learn how to program a simple robot so that it interacts with the environment around it. They will get it to follow a track, set up sumo battles and program interaction with sound and light.

Video game and animation programming. During the course the children will use Scratch to learn how to design and programme video games. We will start with simple games that introduce game principles and will then move on to make more sophisticated games with more design and programming.

- ➔ Each lesson will last one hour after school on a **Friday**. Please collect your children at 4.20 pm
- ➔ Dates: Jan 18, 25, Feb 1, 8, 15, March 1, 8, 15, 22, 29
- ➔ Cost for the 10 sessions is **£66 per child**.

How do I register?

To book a place on this course go our website (address below) and click on the 'book a class' button at the top of the page.
